MAKING CALLS OF LIGHT FOR AMERICA

I ask you, Beloved Friends of America, to think—and many of you have seen this done—when there is abundant production of fruits and vegetables and grains of every kind, sometimes the conditions that exist cause carload after carload to be dumped that the price may be kept up. Don't you see, Beloved Friends of America, that condition cannot exist; it cannot continue if mankind is to survive.

When there is abundance *(applause)* for all mankind in our beloved Land—all that mankind needs for their sustenance—and they only ask to allow its production to be given to the blessed ones of mankind, in the right governing activity there would be abundance for all. And even those

who were the distributors would be paid properly and rightly for that. But until mankind sees and understands this, they cannot experience and have the blessing which the cooperative Life of mankind, which has never been understood, would flood forth into the use and blessing of all mankind.

Dear, Beloved People of America, the day has come when mankind has got to make the Call to the "Great Presence" of all Life, the "Mighty I AM," and have this blessing and release, or perish. And there is no question about it. Therefore we are pleading to the straight-thinking American people today to make the Call. If you never heard anything except these words tonight and know that above you is the "Mighty God Presence," then as you stand and feel the full Glory of It, will you find that Dominion—that Call—being answered by the full Power of God, your "Mighty I AM Presence," to flood your world with the Glory and Perfection which all Life holds for you. And we give praise and thanks that mankind, as they are coming to understand this more and more, will feel the Glory of Its ever-expanding Activity, Its sustaining Power in their Life, and have the Happiness which is due every human being on this Earth.

I say to you, Beloved Students, tonight in the fullness of all that your Heart desires, in the fullness of all that mankind can expect, there stands before you, above you, the "Great Presence" of Life waiting—waiting to release into your world of action every good thing. Won't you understand and accept that and let Its full Power at your Call be released into your world? It is so practical. There's not a thing in mechanics today that is nearly as practical as the activity of your own Laws of Life.

I wish we had something in the outer world to convey to you the Beauty of the Queen of Light. Her Beauty is

the most exquisite thing that seems to me ever was in form—and just like a delicate flower—and yet Her Power is so tremendous. The same with our Beloved Nada who has assisted many civilizations to their apex. And, Dear Ones, with the Assistance that these Great Beings offer, now please, Dear Hearts today, if there is remaining any question in your feeling as to the Reality of these Beings, call, for Heaven's sake, for that to be taken out. Don't let anything rest in there. These Great Beings are more real than you are because They're Eternal. You are still changing bodies yet, but They are not. Try to feel now, and don't let suggestions, whether direct or indirect, come in your feeling world to disturb you or cause you to begin to question. Just go on now and accept this with the fullness of Its Power. Let that "Great Great Presence"—the Amplification of the Great Host of Light—bring you so quickly into that Great Full Power of Freedom.

Dear Ones, as you have gone this far in your tremendous Application, study that *Ascended Master Light*. Study It as you've never studied anything in your Life, because I tell you, it is the Anchorage and brings you in direct contact with every one of those who dictated, which is the sustaining Power until you have the full Glory of It yourself within your own Command. I tell you, Dear Ones, in all that you have, you do not yet fully realize the Power that's there. And I ask you to do another thing. Accept in those other Books that I have autographed for you—accept Saint Germain's Charge into your etheric record of the Perfection which He has called forth there. Please accept that and get the full benefit of It. *(applause)* I know we've been building up a lot up to date, but now we are going into action with full Power. *(applause)*

I had an experience yesterday perhaps you'd enjoy. It seemed very vital to the people and I made this dynamic Call and inside of three hours the answer was there. Dear Hearts, you can do this very thing yourself. Don't let yourself accept that your "Presence" isn't All-powerful, or that your Call isn't All-powerful to It. Starting right now while you're in this tremendous Charging—and holding It, you'll have the greatest Joy that ever visited you and your world throughout the embodiments in which you have lived.

I thought *(chuckle)* a year ago, oh boy, it was wonderful how happy and all we were; but it wasn't the start of today. It seems to the human sense that you couldn't keep on expanding and appreciating more and more and more; but, Good Heavens, there's no limit I've discovered. And that's what we want; that's how we can have the Great Happiness. Oh, My Precious People, how I long to lift you right out of all turmoil and let you experience the full Happiness that comes in forgetting every turmoil of the outer world. Today, even in the need of governing conditions, I listen to just about so much of this sour temper, then I say, "Now that's the end of that." I won't listen to any more. And then I take a rest. And then when I have to handle something else, I just take it so far, then I say, "Now get out!" I'm not going to monkey with that anymore, and I keep myself free from too much contemplation on it.

One blessed one was quite concerned here, evidently since we began, because we kept referring to discordant things. Well, Heavens on Earth, if you want to be Free, you have got to understand what you're going to be free from and how to do it. That's all part of it. We're not calling your attention to discord just to have you have more discord, so correct your idea. *(applause)* But these explanations,

Dear People, are your safeguard. Do you think we like to talk about unpleasant things? I should say not; but we have watched it—we've tested it out for ourselves. You let us take a day or a Class when it is necessary to talk about human creation, and down, down comes the vibratory action. But you have to do it! And then we change it, and up and up and up it goes. And now from this time on, we're going to keep it up! *(applause)*

I wonder if you know what darlings you are! *(laughter—applause)* I think I'm beginning to. You know there isn't any of mankind that doesn't like to hear that. I used to be tremendously criticized when I'd call "Beloved Ones" and "Blessed Ones" and all that kind of thing. Well, if you don't like it, you don't have to accept it but it goes forth just the same. And they do like it—most of it. *(applause—laughter)* But when I can't tell the audience that I love them, that they are darlings, and that they're blessed and that they are Children of the Light and they won't accept anything else, then I won't be here! *(applause)* So by this time, I think they're getting used to it.

So Dear Ones, remember, you are Free! You are the Victory of Life right now, forever sustained. *(long applause)* And our Blessed Lotus is the Victory of my Life. *(applause)*
